Subject: Lower Ley Creek Questions and Issues

Dear Lauren:

Onondaga County was approached earlier this week by representatives of Motors Liquidation Company who were looking to discuss and potentially settle the County's pending claim in the GM bankruptcy w/ respect to Lower Ley Creek. In making that suggestion, the representatives requested information on costs and waste streams or waste volumes that would support an allocation. They also suggested or were amenable to the discussions being w/ all identified PRPs and not just the County.

While I assume the EPA or State have not conducted any type of allocation, I am writing to inquire what information EPA may have that would be helpful to such a process. If possible, Luis Mendez and I would like to discuss this and other related issues with you and/or other representatives of EPA at your first convenience. We would be available tomorrow or Monday, August 23, 2010.

Thank you.
